Hello, can I buy same parts for newer mower? As far as I can tell, parts are the same.

Thank you.

Hello,

Thank you for contacting Fiskars.

We are sorry to inform you this model was discontinued about 10 years ago and unfortunately, parts are not available for purchasing. Due to the limited 3-year warranty, we are unable to offer assistance with this product. We apologize for the inconvenience and do appreciate your understanding.

Please let us know if there is anything else we can help you with.

Sincerely,

Fiskars Consumer Care Team

Subject: Purchase inquiry — Fiskars StaySharp Max 6201 sprockets

Hello,

I would like to purchase replacement drive sprockets for my Fiskars StaySharp Max Reel Mower, model 6201.

I need:

- the small 8-tooth sprocket on the reel drive shaft
- the large 26-tooth sprocket on the rear axle

Please let me know whether these OEM parts are available for purchase, along with the part numbers, pricing, and shipping options to Canada.

Thank you.
